

STATE OF VERMONT
PUBLIC SERVICE BOARD

Docket No. 7687

Petition of Green Mountain Power Corporation for)
approval of its Efficiency Fund 2011 Annual Plan)

Order entered: 8/10/2011

ORDER RE APPROVAL OF STREET LIGHTING PLAN

On January 20, 2011, the Public Service Board ("Board") approved Green Mountain Power Corporation's ("GMP") 2011 Efficiency Fund Annual Plan ("Plan"). In the January 20 Order, the Board required GMP to file additional information regarding its proposed streetlight replacement program.

On February 28, 2011, GMP filed additional information regarding its proposed streetlight program. GMP summarizes its proposal as follows:

GMP plans to build on an Efficiency Vermont pilot program in 2011 that offers municipalities an opportunity to replace existing streetlights with Light Emitting Diode (LED fixtures). The GMP Efficiency Fund will increase the number of municipalities in GMP service territory that will be able to participate in this pilot. Municipalities have the option to lease or purchase the fixtures and the pilot removes barriers to participation by providing technical assistance and reducing and/or removing the first cost barriers to participation.

In addition, GMP proposes that the funding level for the streetlight program be increased to \$300,000, from the \$200,000 that was proposed in its initial filing. GMP states that this requested funding increase is based on the interest in the program that has been expressed by municipalities.

On April 26, 2011, the Vermont Department of Public Service filed a letter supporting GMP's proposed streetlight program as well as the proposed increase in funding available for the program.

The Board has determined that GMP's February 28 filing provides sufficient detail regarding its proposed streetlight program and the Board approves the program and the requested increase in the funding level of the streetlight program.

So ORDERED.

Dated at Montpelier, Vermont, this 10th day of August, 2011.
